MAYSVILLE, KY., MONDAY, JUNE 27, 1898.

NUMBER 184.

ALMOST FACE TO FACE

Americans and Spaniards Only
Four Miles Apart.

BATTLE TO BE FOUGHT SOON.

Pickets Are Within Speaking Dis-
tance of Each Other.

SHAFTER IS NOT QUITE READY.

When All Details Are Completed the
Yankees Will Move Forward
Like an Avalanche, Sweep-
ing Everything Be-
fore Them.

Off Juragua, Cuba, June 27.—Troops
of the United States and Spain were
almost face to face and less than four
miles apart Saturday night.

The picket lines at certain points
were within hailing distance of the
enemy.

It seems certain that the battle of
Santiago must come within a week.

The troops are all ashore here and
at Baiquiri with the exception of a
few scattered companies that have gone
forward.

The supplies are sufficient to enable
the army to sustain a week's campaign
at both landing points.

There is a continual procession of
small boats riding on to the beach
through the pounding surf and, as one
week's rations are already landed, it
is believed the required supplies will
all be ashore by Tuesday, the 28th.

The landing of troops, horses and
supplies has been extraordinary. With
only one steam barge and compelled
to depend on treacherous small boats,
General Shafter has landed over 16,000
men, hundreds of horses and mules and
thousands of dollars worth of supplies
on the exposed beaches and only two
men have lost their lives.

General Wheeler, in his official re-
port, places the number of dead in the
engagement at Sevilla at 22 and the
wounded as between 70 and 80.

No attempt has yet been made to
prepare an official list with the names
of the dead and wounded.

The high grass and bushes of the
battleground make it difficult to find
the bodies.

The bodies of 39 Spaniards have been
found and the Spanish loss in killed
and wounded was doubtless much
heavier than the American.

The majority of the American troops
are now here or at the front in the
vicinity of Sevilla.

The force at the latter place, which is
about nine miles from Santiago, num-
bers 6,000 Americans and 1,500 Cubans.

General Wheeler is in command
there, with Generals Young, Lawton
and Coffee.

General Wheeler will remain at Se-
villa, which will be made a rendezvous
for the troops landing at Baiquiri and
at this point, the artillery and cavalry
being put forward from Baiquiri.

From the American position at Se-
villa, Santiago is plainly visible and
the fortifications can be seen.

The following reports to General
Shafter from generals at the front
show the conditions:

"To General Shafter—I have just
seen two negro boys who left Santiago
Saturday morning. They report that
the soldiers and citizens are very short
of food. The soldiers and officers have
seized all the food in the shops. They
are killing young horses for food and
in the hospitals are subsisting on bread
made of rice flour.

"Three Spanish generals took part in
the fight at Sevilla Friday. Five
wagon loads of wounded were carried
into Santiago, and many others wound-
ed got there on horses or afoot. We
can see Morro castle and the flag very
distinctly from our position.

"The Cubans confirm the reports as
to the fine character of the fortifica-
tions around the city. Seven lines of
barbed wire are stretched around the
trenches. The Spaniards have recently
dug deep trenches around the entire
city, connecting a series of small forts.

"WHEELER.

"To General Shafter—We can plainly
see Santiago less than seven miles
away. The country is level for six
miles this side of the city, except for
hills on the south, which extend to
within a mile of Santiago. These hills
appear deserted. The country is fairly
open and it will not be difficult to move
troops over it. General Chaffee now
occupies Sevilla.

"YOUNG."

GEOGRAPHICAL POINTS.

Information About the Roads and Coun-
try About Santiago.

Santiago de Cuba, June 27.—Now
that the American land forces are

threatening the city of Santiago de Cu-
ba, the topographic condition prevail-
ing in that vicinity becomes of in-
terest.

Baiquiri, where the first landing was
made, and Juragua, where General
Lawton's headquarters were during the
night, are both small coast towns in the
throat of narrow cuts through a
range of low hills fringing all the
southern coast.

Baiquiri is 12 miles east of Santiago
and Juragua is eight miles east of that
city by the coast line road, which runs
behind the hills twice as far.

It is called here a wagon road, but

it is only practically for heavy, two-
wheeled carts, having six bullocks
yoked to them tandem fashion and
drawing a very small load.

The pioneers report the trail is prac-
tically for artillery and pack trains,
but it is unspeakably bad even for
walking, though it is reasonably level.

Our troops have now passed all the
small hills intervening between here
and Santiago. The remaining 12 miles
of road is over a practically level
country with more chance for open or-
der. So far, however, the road has
been walled and in most places over-
arched with impregnable jungle

growth, thorns and creepers, smelling
like the interior of a fragrant, over-
heated conservatory, and picturesque
with splashes of tropic color in oleand-
ers and other flowers, but terrible for
troops.

For half a mile near Demajayabo a
small stream runs in the road and the
men have been compelled to walk in
water. Incidentally, the medical ad-
vice about wet feet, night winds or
perspiration-soaked bodies and the
necessity of boiling drinking water has
already been thrown to the winds.

Easy as the advice sounds at home,
it is almost impossible to follow it
here.

Grant's Order to Soldiers.

Chickamauga, Ga., June 27.—General
Fred Grant has issued the following
very timely order to the First division,
Third corps: "All soldiers of this com-
mand when on pass within the park
limits or on duty at the various head-
quarters, are prohibited when without
blouse from wearing suspenders over
their blue shirts. Soldiers are also ad-
monished that when they are granted
the privilege of a pass beyond the park
limits, they are expected to be attired
in a clean and soldierly manner, and
especially those visiting the adjoining
cities and town should constantly keep
their blouses buttoned when worn."

Sampson Withdraws the Charge.

Washington, June 27.—In response
to a telegram from the navy depart-
ment requesting definite information
concerning the alleged mutilation of
the bodies of the four marines killed
in the outpost of Guantanamo, Admiral
Sampson has wired Secretary Long as
follows: "Playa Del Este, Cuba, June
24.—Replying to your dispatch I have
to report that a careful investigation
has been made and it is reported to me
that the apparent mutilation was prob-
ably due to the effect of small caliber
bullets fired at short range, and I with-
draw the charge of mutilation."

Causes No Surprise.

Madrid, June 27.—The arrival of the
Spanish fleet at Port Said causes no
surprise here, Admiral Camara having
announced that he was going to the
Philippines. The threat of the Ameri-
can government to attack the Spanish
coast has had no effect. A third squad-
ron is preparing for the defense of the
coast. A member of the cabinet, in an
interview, said: "Let them come. We
will receive them as they deserve."

Regarded as a "Feeler."

Washington, June 27.—The an-
nouncement from Madrid that the
United States has suggested peace
conditions with Spain was received
here with great interest, for the reason
that the report was regarded as a
"feeler" set afloat with the distinct
purpose of developing the state of pub-
lic feeling in America as well as in Eu-
rope. There is no basis of fact for the
report.

Coal for Dewey.

Philadelphia, June 27.—The British
ships Gloosco and East Lothian sailed
from this port for Manila with nearly
6,000 tons of coal for Admiral Dewey's
fleet. Cargo is valued at about \$17,000,
but the freight received by the two
ships will be more than double this
sum. The two captains will do all in
their power to get to Manila in the
shortest possible time.

Paris, Ky., June 27.—Colonel W. E.
Sims, 76, a captain in the Mexican war,
a colonel in the Confederate army, a
former United States senator and a
member of the Confederate congress,
died here. He was very wealthy.

Killed His Brother-in-Law.

Fort Estell, Ky., June 27.—James
Moore, a mail carrier between Rich-
mond and Kingston, shot and instantly
killed his brother-in-law, John Harris,
both colored. Moore fled and has not
yet been captured.

FLEET LIES PATIENTLY

Waiting For General Shafter
to Say the Word.

THIS WILL BE VERY SOON.

At Least That Is the Generally Ex-
pressed Opinion.

CERVERA MUST SOON GIVE UP.

Or If He Concludes to Resist He Will
Be Handled Rather Roughly by
Both the Army and Navy
Now Lying About
Santiago.

Off Santiago de Cuba, June 27.—
While the army advances the main
portion of the fleet lies patiently in
front of Morro castle awaiting its op-
portunity.

Before the end of the week the fate
of Santiago and Admiral Cervera
should be decided. By that time it is
believed the Spanish troops will have
been forced back upon the city and de-
feated in a decisive engagement.

Simultaneously the forts at the
mouth of the harbor should be cap-
tured under cover of a naval bombard-
ment.

Three things will then be left to Cer-
vera—to surrender with his ships, to
surrender after destroying his ships,
or to make a dash out to sure de-
struction. He may forestall fate by
making an attempt to get out of the
harbor before the army accomplishes
its end.

The first Spanish ship to appear off
Morro castle would be sunk within 15
minutes. Nothing in Admiral Cer-
vera's fleet could survive the concen-
trated fire of all the battleships in the
navy and three of the best cruisers.

The general opinion among naval
experts is that Santiago town will be
burned by the Spanish troops before
they surrender, that Admiral Cervera
will destroy his ships and that he will
then submit to the enemy. If this sup-
position is correct, the whole work
should be accomplished in a week.

It is hardly likely that the army can
effect its purpose without considerable
loss, although its superiority in num-
bers, caliber and generalship ensures
an ultimate sweeping victory.

There is every possibility that the
Spanish troops may surrender inde-
pendently of Admiral Cervera. If the
Spanish admiral should insist upon
thus prolonging the agony, he would
be subjected to a fire from his own
forts and the army siege guns, which
would soon settle him.

Warships Sighted.

New York, June 27.—Captain Turner
of the steamship Maylands, which ar-
rived here Sunday from Algiers with
a cargo of sulphur, reports that on
June 11, four days after he had cleared
from Algiers, he sighted a Spanish
bark rigged warship with all her sail
set. The latter for several hours
chased the Maylands but the mer-
chantman being the fleetest made its
escape. On June 23, latitude 37.53 and
longitude 59.23, Captain Turner says he
fell in with another warship, which he
is sure was an American, for when he
showed the stars and stripes the
cruiser sheered off and took a south-
easterly course.

Spaniards Were Slaughtered.

Havana, June 27.—On June 9 a heavy
battle was fought in the Camaguey
province by General Lope Recios of the
Cuban army with a force of 1,500 men
against 5,000 Spaniards. The Span-
iards were defeated and retreated. They
buried their dead in 17 graves, which
the Cubans opened. Some of the graves
contained 11 bodies, others 10, 9, 6, 2
and so on. In all the Cubans counted
150 bodies, and their scouts reported
that 107 Spaniards were carried away
on litters. The Cubans had nine men
killed and 32 wounded.

Great Excitement Prevails.

Madrid, June 27.—In view of the
American threat to send a fleet to the
peninsula the government deems it
advisable to be prepared for event-
ualities. The lights at certain ports
have been extinguished, torpedoes
have been prepared and additional
guards have been mounted. The gov-
ernment has prohibited the dispatch
of telegrams from Cuba announcing
the arrival of vessels which have
"forced the blockade." The queen re-
gent has sanctioned the various mea-
sures which were adopted by the cortes.

Detached From the Squadron.

New York, June 27.—The auxiliary
cruiser Prairie, which has been at
Fomptville since last Monday, coal-
ing and taking on ammunition and

stores, has received orders detach-
ing her from the North Atlantic patrol
fleet and directing her to proceed at
full speed to Key West.

Awaiting Orders.

Port Said, June 27.—Admiral Cam-
ara's squadron is in the harbor await-
ing orders. It consists of the battle-
ship Pelayo, Admiral Camara's flag-
ship; the ironclad Emperador Carlos
Quintos, two armored cruisers, three
torpedo boats and five transports car-
rying 4,000 troops.

The Peace Conditions.

Madrid, June 27.—It is reported here
that the peace conditions suggested by
the United States include the posses-
sion of Porto Rico, the independence
of Cuba and American protectorate, a
naval station in the Philippine islands,
and a coal depot in the Canary islands.

Sailed For Santiago.

Newport News, Va., June 27.—The
auxiliary cruiser Harvard sailed at 2
o'clock Sunday afternoon for Santiago
with the Ninth Massachusetts regiment
and two battalions of the Twenty-
fourth Michigan.

Camara at Port Said.

Alexandria, Egypt, June 27.—The
Spanish squadron, with transports, has
arrived at Port Said, at the Mediter-
ranean entrance to the Suez canal. Ad-
miral Camara has not asked permis-
sion to coal.

Have No Artillery.

Hongkong, June 27.—The British
steamer Sun Klang, from Hioho June
22, reports that quiet prevailed there
and that no rebels were known to be
in the vicinity. Two thousand Spanish
and native troops held the place and
were erecting earthworks, but they
were without artillery. The Spanish
residents discredited the report of the
capture of Cavite and declared that the
Americans were exterminated by this
time. The governor of Hioho, it is re-
ported, had forbidden foreigners to
mention any news regarding the war.

Troops Have Embarked.

San Francisco, June 27.—Four thou-
sand men, comprising the third expedi-
tion to the Philippine islands, embark-
ed early Sunday afternoon, and soldiers
now swarm in the holds and upon the
decks of the steamers Ohio, Indiana,
City of Para and Morgan City. The
steamer Valencia will receive her com-
plement of the military, and these five
transports, bearing the bulk of the
expeditionary force, will probably sail
before night, to be followed on Wed-
nesday by the steamer Newport, upon
which General Merritt is expected to
depart.

Newspapers Are Despondent.

Madrid, June 27.—The tone of the
newspaper press is despondent, and
many journals bemoan the fact that
the powers have abandoned Spain while
she is defending their cause. They say
that France, having received commer-
cial concessions from Washington, re-
mains indifferent, while Germany keeps
in the background, and Russia uses
Spain as a cat's-paw in her diplomacy.
Spain must in no case, the papers de-
clare, accept the intervention of Eu-
rope. It would be better to treat di-
rectly with the enemy.

Colored Troops.

Washington, June 27.—When the
muster of new organizations under
the second call is completed the
volunteer army will include between
8,000 and 10,000 negro soldiers, and
more negro officers than ever before
were in the service of the United
States. Under the first volunteer call
few colored troops were offered by the
states, the restriction of the call to the
national guard having a tendency to
shut out the colored men.

Walked Into a Trap.

Santiago de Cuba, June 27.—The bat-
tle near here Friday was an ambushade
by the Spaniards, and but for the cool-
ness of the Americans they would have
been completely annihilated. They
made a bold charge, though, which
struck terror to the bones, and won a
glorious victory. The Americans lost
16 killed and 60 wounded. The Span-
iards left 37 dead on the field, and
probably carried that many away when
they retreated.

Cuban Warship Arrives.

Key West, June 27.—The sloop Is-
abel came into port early Sunday morn-
ing flying the Cuban flag. On her were
Captain Rafael Mora, Lieutenant Felix
de Los Rios and four others of the Cu-
ban army carrying sealed dispatches
from the Cuban government to Senor
T. Estrada Palma of the New York
Junta. These dispatches will be for-
warded by the local junta.

Will Sail on the Harvard.

Newport News, Va., June 27.—The
Ninth Massachusetts, Colonel B. F. Bo-
gan, and companies A, B, C and M of
the Thirty-fourth Michigan, Colonel
Pétermann, arrived here on special
trains from Camp Alger to embark on
the auxiliary cruiser Harvard for San-
tiago de Cuba, either they have been
ordered to reinforce General Shafter.

KILLED HIS PARTNER.

Prominent Stock Trader Lit-
erally Cut to Pieces.

HAD A MISUNDERSTANDING.

The Man Who Used the Knife Was
Drunk and Fought Like a Demon
Until He Had Inflicted a
Score of Wounds.

Louisville, June 27.—William Gray,
a stock trader who lived in this city,
was stabbed to death at Stillton, in
Hardin county, by his partner, Henry
Lesshaft, also of Louisville.

They had been drinking. Gray de-
manded a settlement of some business
matters that had been in dispute. Less-
haft replied that he was too drunk to
talk business. Gray advanced as if to
strike him. Lesshaft, who is a young
man, easily shoved his drunken partner
to the floor. He then, it is said, sprang
on him with a large Barlow knife and
literally cut him to pieces.

Gray was stabbed nearly 20 times,
several stabs reaching the heart. His
breast is a mass of wounds. Lesshaft
was pulled off by Mr. Mossbarger, the
proprietor of the store, in front of
which the killing occurred, but even
then wanted to get back at Gray.

No weapons were found on Gray,
who was 58 years old and a small
man. Lesshaft is in jail at Elizabethtown.
The coroner's jury said that Gray
came to his death at the hands
of Lesshaft, but did not fix the degree
of guilt. Gray's body was brought
here.

Insane Man In Jail.

Wabash, Ind., June 27.—The officers
have an insane man, believed to be
William O'Connor, a former Catholic
priest, in a cell at the county jail,
while they are investigating to estab-
lish his identity. O'Connor, who is
totally unbalanced, can shed no light
on his case, but from newspaper clip-
pings and markings in indelible ink
on his clothing it is conceived that he
is a lecturer on Catholicism, whose
mind has been dethroned by misfor-
tune. Letters written to Ohio cities,
where O'Connor is supposed to have
been, failed so far to bring responses.

Dying Plea For Health.

Dillsboro, Ind., June 27.—The death
of Sheriff William E. Teke illustrates
the value of good health, and those
who have health and little money
may find consolation in his last
words. Sitting up in bed just before
he died, he gasped: "Oh, if I could
but change all my possessions for
health! Give me a pair of overalls,
coarse shoes, a shirt and a hat and
I would work all my days as a laborer.
The healthy but poor man does not
realize that he is, in fact, rich." He
had hardly finished these words when
he fell back dead.

Workman Killed.

Louisville, June 27.—Jacob Hirt, a
workman in the employ of the Ohio
Falls car works at Jeffersonville, was
instantly killed by falling walls at the
works of the company. The front wall
of the dryhouse and the smokestack
were blown down by high winds. Hirt
was caught under them and killed in-
stantly, his body being terribly crushed
and mangled. The house was consid-
erably damaged.

Attempt to Wreck a Train.

Wabash, Ind., June 27.—A dastardly
attempt to wreck a train on the Wa-
bash railroad was discovered here
when Lee Meyer found a peculiar
package wedged in a frog in the main
line. He picked it up and was horri-
fied to find it was dynamite. There
was nearly a pound of the stuff and
a train had passed over it, partially
crushing it, yet failing to cause an
explosion.

Women Indicted.

Indianapolis, June 27.—The grand
jury has indicted Mrs. Lulu Klain and
Mrs. Maud Goodin for injuring Miss
Almee Haskinson by dashing acid in
her face, with the intention of per-
manently disfiguring her, and Mrs.
Gooding was arrested and released on
\$1,500 bond. Mrs. Klain continues in
jail.

Must Pay Sixteen Thousand Dollars.

Richmond, Ky., June 27.—In the
case of Charles F. White's heirs of this
city against the Nederland Insurance
company, on trial at Frankfort, Ky.,
the jury brought in a verdict for
plaintiff, which means full payment
of the policy, amounting to \$16,000,
with interest.

Prices Are Rather High.

Havana, June 27.—The official quo-
tations for beef and veal here accord-
ing to latest account, are 55 cents a
pound; lambs 90 cents and pork \$1.50.
A centavo is quoted at \$5.30 gold, equiv-
alent to \$9.25 in silver and \$33.00 in
paper currency.

MR. J. P. HENDRICK, JR., of Fleming County, one of the most enthusiastic Democrats in this section of the State, is out in a card advocating a tax on all gold used in the fine arts. His arguments in favor of such a tax are worthy of consideration, among them being the following:

"It is a tax on absolute luxuries that will bring a large revenue to our government and entirely from people who can afford to pay it."

"It is a tax that will be gladly paid, because definite information accompanies it that is worth all it will add to the cost of the article purchased."

"It will drive the commercial value of the money metals nearer to their coinage value."

"It will retain for our present and future use a supply of the precious metals."

A plank in favor of such a tax may be inserted in the Democratic platform in the approaching congressional contest.

THE NEW ELECTION LAW.

An Agreed Case to be Filed at Paris to Test Its Constitutionality.

FRANKFORT, Ky., June 25.—The constitutionality of the Goebel Election bill is to be tested at once on an agreed case to be submitted to Circuit Judge Cantrell, in Bourbon County.

The County Judge will claim the right to appoint the election officers instead of the County Election Commissioners. The agreed petition first sets out the agreed facts as to the passage of the law and the election of the Commissioners and their qualification, and takes the ground that the act is unconstitutional in that the Legislature had no right to create the office of Election Commissioner, and if it did have such right it had no right to fill the office by an election by the Legislature; but, if it had the right to fill the office by election, that the election officers were not elected according to law.

General Taylor requested that they allow him to raise Federal questions. This the new board has agreed to, and the Republican State Committee will take the case to the Supreme Court. They will, however, demand that immediate decision be made in the case, and will agree to no delay.

Kehoe and Cox.
 [Enquirer.]

Captain W. H. Robb, of Maysville, and Judge Montgomery, of Georgetown, members of the Farmers and Shippers' Tobacco Warehouse, were at the St. Nicholas with Col. "Red" Perry. They say that nearly all the tobacco plants have been set out in good condition and started off in fine shape.

Captain Robb thinks Mr. James Kehoe, of Maysville, will surely be the Democratic nominee for Congress in the close Ninth district, and that ex-Mayor Cox, of Maysville, will be his Republican competitor, supplanting Congressman Pugh for the nomination. He says Congressman Pugh, his father-in-law and son-in-law are now drawing salaries from the Government at Washington aggregating \$12,500 per annum, besides many relatives at home in postoffices, &c., and this is too much of a good thing for one tribe all at once.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on J. James Wood, druggist, and get a trial bottle free. Regular size 50 cents and \$1.  Very respectfully,
 MILTON C. RUSSELL, Secretary.

The opening hop at Blue Lick Springs will occur Friday evening, July 1st.

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back and weak kidneys, malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to liver and kidneys, is a blood purifier and nerve tonic. It cures constipation, headache, fainting spells, sleeplessness and melancholy. It is purely vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c. a bottle at J. Jas. Wood's drug store.

The Royal is the highest grade baking powder known. Actual tests show it goes one-third further than any other brand.

Ray's mixed paints are guaranteed to give satisfaction. At Postoffice Drug-store.

SEVERAL big crops of growing wheat in Mercer County have been sold at \$1 per bushel.

THOMAS O'NEAL, of Mayslick, left last Saturday for the South where he will tender his services as a volunteer in the army.

DEWEY DAY, July 4th, will be celebrated in grand style at Maysville fair grounds. A big list of attractions. Don't miss it.

FRANK DAWSON, who has been in business at West Union for some time, is closing out his stock and will move to this city.

The first delivery of new wheat at Owensboro was made Friday, and brought 66 cents—6 cents higher than the opening price last year.

W. H. FISHER, of Flemingsburg, Ky., has a strawberry bed 40x50 feet from which he has gathered seventy-two gallons of berries this season.

This section has been visited by fine rains since Saturday morning, the total precipitation up to this morning amounting to nearly an inch and a half—1.46.

The remains of Anna Green, colored, were buried Sunday afternoon after funeral services at the Bethel Baptist Church. She was the mother of Joshua Green, and died Friday night.

The Pocket Kodak takes up about as much room as a good, fat purse. The fine leather covering gives it a neat, dainty appearance. Balleger is selling all kinds of kodaks at greatly reduced prices.

When you buy goods you want the best. These you can always get from Murphy, the jeweler, with his extensive experience in the business. You can rely on him for the best goods made. His goods are warranted.

AUGUSTA, Ky., June 25.—During the heavy rain and wind storm Saturday at Augusta, barns, fencing and trees were blown down. A chimney on the residence of Frank Hanson was blown through the roof, narrowly missing his wife.

THE C. and O.'s new schedule that went into effect Sunday makes no change in the time of the arrival and departure of passenger trains at this point. Hereafter No. 16, the eastbound train at 10:05 a. m., will stop at the St. Charles Hotel for passengers.

MR. GEORGE ELLIS, of Wellington, Sumner County, Kan., harvested 5,000 bushels of wheat this year from 220 acres, and he has 170 acres of fine corn growing. He is a brother of Dr. A. N. Ellis, who resides near Aberdeen, and has prospered since he went to Kansas.

COL. ALBERT E. BOONE filed articles of incorporation with the Secretary of State amending the charter of the Ohio River, Cynthiana and Tidewater Railroad Company, changing its name to the Ghent and Cynthiana Railroad Company, and increased the capital stock from \$25,000 to \$50,000.

MR. ROBERT BISSETT has secured the agency for Eastern Kentucky of the Triumph Automatic Acetylene Gas Machine. This is especially adapted to furnishing gas for residences, stores, churches, factories, hotels, schools and small towns and villages. Acetylene gas is declared to be the most perfect illuminant known. Cheap and perfectly safe. Consult Mr. Bissett.

BANK CHECKS.

They Must be Stamped Under the New Revenue Law, and the Drawer Must Do the Stamping.

Under the new revenue law a 2 cent stamp must be put on every check drawn on a bank, and no one is allowed to affix the stamp except the person who draws the check.

The law is as follows, and it is so plain that no one ought to misunderstand it: That if any person or persons shall make, sign or issue, or cause to be made, signed or issued, any instrument, document or paper of any kind or description whatsoever, without the same being duly stamped for denoting the tax thereby imposed thereon, or without having thereon an adhesive stamp to denote said tax, such person or persons shall be deemed guilty of a misdemeanor, and upon conviction thereof shall pay a fine of not more than \$100 at the discretion of the court, and such instrument, document or paper as aforesaid shall not be competent evidence in any court.

It is, therefore, necessary for every check to have a stamp placed on it before it is presented for payment, and no one is authorized to do this except the man who writes it. A merchant out in the State who pays for a bill of goods or makes a settlement by check is the one who must, under the law, put the stamp on the check.

The BULLETIN is authorized to state that the banks of Maysville will comply strictly with the above law.

The Cincinnati Leaf Tobacco Warehouse Company, in its circular for the week, has the following:

The sales of tobacco were very light during the past week, and the market considerably stronger. There is only a limited quantity of the new redried on the breaks as yet, but what little is offered brings good prices, particularly when in satisfactory condition. Bright trashies are advanced in price and receive much more attention than recently, while tips and red goods have not lost in demand and continue to be the favorites of the buyers. Fine leaf, as heretofore, seems to be the cheapest in proportion.

Manufacturers were more liberal buyers during the week, and there was also more speculative demand.

The trade has been somewhat disturbed through the tax agitation, but now that matter being definitely settled, and manufacturers knowing just where they stand, we may look for increased demand from their part. Receipts are only moderate.

Crop prospects are very much improved since our last, though there are sections, some of the river counties in particular, where the seasons have not been as favorable as in others; in fact, not sufficient to set out a full average. Very little time remains, and unless rains occur in these counties with the next few days the crop will at least not be as large as it was intended to be.

RIVER NEWS.

The Steamer William Duffy Has a Narrow Escape—The New Tax on Bills of Lading

The Virginia is due down this evening, and the Lizzie Bay will pass down tonight.

The Stanley for Pomeroy and Cummings for Pittsburg will pass up tonight. The little steamer William Duffy with about 200 excursionists from Marietta on board was struck by a terrific windstorm Saturday afternoon, and narrowly escaped being overturned in midstream. When she righted herself, fifty of her passengers were in the water. All were recovered except three. The victims were Lou A. Bevan, of the Marietta Brokerage Company; Malcolm Nye, a promising young lawyer of Boston, and John Gerken, of Marietta. The prompt action of a veteran pilot who was on board prevented a terrible disaster.

The Pomeroy Leader says: "Captain Cramer's new Pittsburg and Portsmouth packet, the Avalon, will soon be completed and will be put in direct opposition to the Bay Line and Pittsburg and Cincinnati Packet Company. It is the intention of Captains Gamble, Cramer and Dana Scott, of the City of New Orleans, to establish an independent line of boats between Pittsburg and Cincinnati, and, from the present indications, there will be the biggest steamboat war on the upper Ohio ever known. An independent wharveship will be put in at Pittsburg by Captain Scott."

The law requiring bills of lading to be stamped, which goes into effect on July 1, will at first cause a great deal of trouble and inconvenience to shippers as well as transportation companies, and as the transportation companies furnish the stamp for the receipt of the goods of one bill of lading, any more than one bill of lading being required will have to be stamped by the shipper. Shippers will find it will facilitate matters very much if they desire additional bills of lading to have their bills of lading stamped ready for signature, as no clerk will be allowed to sign any bill of lading that has not a stamp on it. It will be useless to ask the clerk to sign duplicate or triplicate bills of lading unless they are stamped.

OUR NATION'S PRAYER.

[By Frances Goggin Maltby, Washington, Ky.]

Look, O Lord, in mercy down Upon those on battle ground. Spare our boys upon the sea; Low we bend imploring knee. Keep them when they go to rest, Grant to them what e'er is best; Grant their battles may be won; Yet, O Lord, Thy will be done.

Grant that when in mortal strife They may ever reverence life; And, if mercy they can show, Grant it even to a foe. Mercy Thou hast taught were best, And hast told us it were best. Where'er on them shines your sun, Bless them, Lord. Thy will be done.

Bless the father, old and gray, Who fought bravely in his day; Grant that in his soldier boy He may feel just pride, just joy; Give that boy Thy guiding light; Grant that he may heed the right; Help the father, keep the son, Grant this, Lord. Thy will be done.

Ease the mother's aching heart; See her there, she weeps apart! Teach her how to turn to Thee, In her sorrow let her flee Unto One who promised life Where there is no sin or strife When the race of life is run. Help her, Lord. Thy will be done.

There are sisters weeping, too; Tears their bright eyes now bedew Brothers they have kissed good-bye, Brothers who go forth to die. No one knows. Ah, it may be They have said good-bye for e'er! Father, mother, daughter, son, Bless, O Lord. Thy will be done.

Look with pity on the wife, Who prays for the husband's life; Spare him to her. Hear her plead, Break her heart not like a reed; But if upon the battle field Callest Thou his soul to yield, To the love of Christ, the Son, Let her turn. Thy will be done.

To the little child give grace, That if left the world to face Without father or brother, And, perchance, without mother, Grant the love of Christ may heal Wounds that little heart may feel. Let her e'er be shun; Grant this, Lord. Thy will be done.

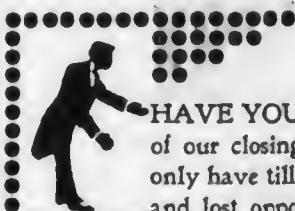

Lend Thy balm to ease the smart Of that girlish aching heart Who has bid a last adieu Unto sweetheart, lover true; Give her Thy benediction, Help her, Lord, in affliction; When grave victory hath won, Take her home. Thy will be done.

Guide, O Lord, our ship of state, Fix her destiny, her fate, End, ah end, the present strife Without further loss of life. But if blood should have to flow, Prepare dying souls to go; Let them not their duty shun; Let us pray. Thy will be done.

PITHY POINTS.

It takes constant vigilance to keep the liquor traffic off of you. Liquor has been a curse from the time of Lot until the present. Look out for your boy, or the liquor traffic will throw its tendrils about him. Every one reaps the benefits accruing from the opposition to whisky's encroachment. Some people allow their neighbors to attend to all the troublesome business for them. There's trouble enough comes in a regular way, without licensing it, as is done with liquor. It's owing to the incessant work of temperance people that the rum traffic is within any kind of bounds. Individuals or families that regard not the holy Sabbath need not be amazed to see the curse of God crossing their threshold. The people of Flemingsburg know a good thing when they have it. Witness how they keep saloons and whisky off of them. The man with a weight on his leg can't hope to win in the race. A man with a weight on his health can't expect to compete in life and business with those who are not handicapped. If his brain is heavy, and his blood sluggish, because of constipation, he will not succeed in doing anything very well. Constipation is the cause of nine-tenths of all sickness. Symptoms of it are: sallowiness, listlessness, poor appetite, bad taste in the mouth, dizziness, biliousness, and lassitude. Constipation can be cured easily and certainly by the use of Dr. Pierce's Pleasant Pellets. They are not at all violent in their action, and yet they are more certain than many medicines which are so strong that they put the system all out of order. The great advantage of the "Pleasant Pellets" is that they cure permanently. The season is now at hand for HOME-GROWN, and as usual my house will be headquarters for the very best fruit in the market, both wholesale and retail. Also as the season advances I have arranged to have each day shipments of

CULTIVATED BLACKBERRIES, RASPBERRIES, CHERRIES, PEACHES, ETC.

The fruit will be placed on the market here on the same day it is picked, and buyers can always depend on getting the very freshest and best stock the country affords. Remember the Strawberry season only lasts three weeks, so don't put off buying until too late.

A beauty screen your shirt front will prove to be when it is laundered at the Power Laundry. A man feels like somebody when he can enslave himself behind a shirt front that looks like new, every day in the week, or don a collar or cuff that is as perfect as if bought that day, every time he arrays himself in linen "done up" here. Our laundry work is perfect.
